The entire FY '18 Foxborough Public Schools Budget was reviewed, noting that:

- 85% of the budget is comprised of salaries
- At this time there were no resignations
- There are no income sources that you don't see (very transparent)
- There are 9 association bargaining units bargained every 3 years

At present there is good stability in the relationship between the schools and the town. The schools are a service organization striving to meet the needs of the community.
