

Foxborough Public Schools Mentoring Program

“The concept of mentoring has a long history, one that comes to us from Greek mythology. In Homer’s *Odyssey*, Mentor was the teacher of Telemachus, the son of Odysseus. But the Mentor was more than a teacher. Mentor was half-god and half-man, half-male and half-female, believable and yet unreachable. Mentor was the union of both goal and path, wisdom personified.”

PROGRAM GOALS

The Foxborough School System supports the continued improvement of teachers new to the district through its Mentoring Program. The purpose of the Mentoring Program is to link the New Teacher with a veteran teacher upon whom he/she can rely on for assistance and guidance. During this mentoring period, ongoing collaboration will facilitate the growth of the New Teacher toward the highest levels of professional practice during his/her first years of teaching in Foxborough. The Foxborough mentoring program provides for a two-year mentoring partnership for teachers new to the field of education. For experienced teachers who are new to the district, the mentoring program offers a one-year partnership designed to provide support with local policy, procedures and curriculum. At the discretion of the building principal, a one-year mentor may also be provided for teachers making significant changes to their teaching assignments.

Mentoring programs have been shown to help solve or reduce problems faced by new teachers. In addition mentoring programs help retain promising teachers. According to TEACHERS 21, a mentoring program should focus on the following:

- Curriculum
- Teaching effectiveness
- Classroom climate
- Identification of school problems
- Student behavior and discipline
- Meeting the needs of all students
- Parent/teacher relationships
- Emotional and personal support
- Orientation to the school, policies, and procedures

SECOND YEAR MENTORING PROGRAM

The second year of the mentoring program will include at least 50 hours of advanced mentoring, which will assist new teachers in meeting the requirements for the attainment of a Professional Level License.

In year two, the New Teacher will maintain the log of mentoring activities. The year two mentor will serve as a resource for the New Teacher to meet the 50-hour requirement for advanced mentoring. Mentoring activities in year two will be based on the individual teacher's needs assessment which was completed at the end of year one.

Not all inductees will require a second year mentor. The need for a second year mentor will be mutually determined by the inductee and school administration, and based in part on the prior work experience, licensure status, and professional needs of the inductee.

CONFIDENTIALITY STATEMENT

It is important that the New Teacher be able to discuss problems openly with the mentor, so that they may be addressed in a timely and informed manner. The mentor is not an evaluator of the New Teacher but, rather, a collaborator with the New Teacher. As a result of this confidentiality, the mentor is not expected to share written or verbal information with any evaluator/administrator.

ROLES AND RESPONSIBILITIES

All involved will meet before the beginning of the school year with the new teachers to provide an initial orientation and to schedule activities for the new school year.

A. New Staff will:

- Play an active role in the mentoring relationship
- Critically reflect on his/her own practices
- Observe experienced teachers at work
- Participate regularly in programs organized for New Teachers
- Remain open to feedback in order to develop as a professional
- New Teacher will attend four *Skillful Teacher* Workshops (see calendar for dates).

B. Mentor will:

- Participate in a mentor training program
- Ensure a strong start to the year
- Observe New Teacher teachers at work
- Provide instructional support
- Provide professional support
- Provide personal support
- Maintain a confidential relationship with the New Teacher
- Maintain a comprehensive mentoring log
- Acquire a thorough knowledge of the mentoring program booklet
- Serve as a resource

C. Mentor Co-Chairs will:

- Explain the mentoring process to the faculty
- Train all new mentors during the New Teacher Orientation in August
- Make available mentoring resources
- Collect updated mentor/inductee list from principals
- Request mentor's preference for compensation
- Establish meeting schedules for New Teachers and their mentors
- Plan and oversee inductee/mentor meetings throughout the year
- Follow up on recommendations made by each group
- Collect/analyze inductee/mentor surveys
- Update and revise mentoring program handbook
- Make appropriate recommendations to the PD Committee
- Meet with the Assistant Superintendent in August and as needed throughout the school year

D. Principal will:

- Establish a collegial school culture
- Ensure reasonable working conditions for the inductee
- Conduct an orientation program
- Conduct the formal evaluation of the inductee
- Notify staff that mentoring positions may be available
- Oversee the selection of mentors
- Respect the confidential relationship between the New Teacher and the mentor
- Notify mentor coordinators of mentor/New Teacher changes throughout the year

F. Professional Development Committee will:

- Provide ongoing professional development
- Provide subject specific curriculum development

PROCESS FOR MENTOR SELECTION AND MATCHING

In May, the building principal will notify all staff that mentoring positions may be available.

By June, any teacher interested in mentoring will notify their building principal in writing. Principals and department chairs/program specialists will collaborate on the selection of mentors.

The following qualifications will be used in the selection of mentors:

- At least five (5) years of teaching experience, preferably in the Foxborough School System
- Participation in mentor training
- Accessibility to the New Teacher
- Knowledge and adherence to the Massachusetts Curriculum Frameworks
- Awareness of the merits of different teaching styles
- Ability to teach to the diverse learning styles of students
- Knowledge about the resources in the school and district
- Willingness to invest time to develop mentoring skills and participate in the program for the duration of the year
- Ability to maintain a confidential relationship

LIST OF PAIRING FACTORS

The following factors are helpful in determining a good match of mentors with New Staff:

- Teaching experience (when & where)
- Grade level
- Content area
- Availability of common planning time
- Physical proximity of classrooms
- Teaching style and philosophy
- Common interests

It should be stressed from the outset that no match is permanent and can be changed at the request of either person. It should be noted that a mentoring relationship that does not work need not be seen as a failure, but rather a difference in style.

MENTOR TRAINING

Foxborough has developed a formal training program based on the following guidelines. The training has been managed at the district level and carried out by staff members. These staff members have been trained through various local and state organizations. In August, training for new mentors will take place in conjunction with the two-day orientation for new teachers.

All mentors need to be trained because good teachers of children do not necessarily make good coaches for adults (603 CMR, 7.12 [b]). Mentors must receive training in the skills of effective mentoring and strategies for supporting new teachers to be successful in a standards-based classroom. This training should be managed at the district level because at this level districts can ensure the same quality of training for all of their mentors.

In choosing trainers, districts should look to their own teachers who are experienced mentors, to consultants, professional associations and other recognized professional development providers. Districts may also choose to have their prospective mentors participate in Mentor Training Institutes sponsored by the Department of Education.

Elements of the training may include:

- Role of a mentor
- Analysis of teaching strategies
- Observation skills
- Strategies for conferencing and feedback
- Diagnosing and analyzing classroom management issues
- Problem solving skills
- Reflective practice
- Using student work to evaluate and inform practice
- Classroom management

Districts are required to assign all New Teachers to a mentor within the first two weeks of teaching (603 CMR, 7.12 [2b]). Mentor assignments should not be decided until after the New Teacher is hired and his/her individual needs are considered in the match. *

*From the Proposed Massachusetts Guidelines for Induction Programs.

COMPENSATION

The Foxborough Mentoring Program, for which the mentor is compensated, is designed to encompass a two-year cycle. The mentor will receive a stipend or in-service credit.

Year-one mentors and New Staff will conference at least twice a month. It is understood that weekly/daily meetings are necessary for the support program to be successful. In order to receive the stipend the mentor must submit to the Assistant Superintendent six (6) log entries (minimum) at the December meeting; an additional six (6) log entries (minimum) must be submitted to the Assistant Superintendent at the May meeting. At a mutually agreed upon time, mentors and New Staff should meet for six (6) hours prior to the opening of school. New mentors must participate in a mentor-training workshop during new teacher orientation in August.

Year-two mentors and New Staff will conference at least once a month. In order to receive a stipend, the mentor must ensure that the new staff submits to the Assistant Superintendent three (3) log entries (minimum) at the December meeting; an additional three (3) log entries (minimum) must be submitted to the Assistant Superintendent at the May meeting. At a mutually agreed upon time, mentors and New Teachers must meet for three (3) hours prior to the opening of school. Please note: New teachers who hold an Initial License will need 50 hours of advanced mentoring beyond the induction year.

Experienced teachers who are new to the district or teachers who are making significant changes to their teaching assignments and require the support of a mentor will be considered year-two New Staff, but will be required to attend some of the year 1 induction meetings. In these cases, the mentoring program will be customized to the teacher depending on background and experience.

For first year inductee:

Mentors receive:

- Annual stipend (per contract) or 2 inservice credits*
FY 18 stipend = \$1000 per inductee
- 15 PDP's in content based pedagogy

For second year inductee:

Mentors receive:

- Annual stipend (per contract) or 1 inservice credit*
FY 18 stipend = \$600 per inductee
- 15 PDP's in content-based pedagogy

According to Massachusetts Department of Elementary and Secondary Education regulations, the total number of PDP's a mentor can receive is thirty (30) per five-year recertification cycle.

*There is a three (3) in-service credit cap for mentoring. Compensation for mentoring is based on the language in the current teacher contract.

MENTORING LOG FORMAT

The format for log entries is standard throughout the system. The *Mentoring Log* form can be found at the FPS website under *Faculty*.

All entries should include the following information:

- Names of mentor/new staff
- Date/time
- Length of meeting
- Topic discussed (Be specific)
- Activity/focus
- Observations (When applicable)

The mentor must submit a completed *Mentoring Log* form in order to receive compensation. If the mentor has any questions about log format or content s/he should discuss any questions with the building liaison. Mentor logs are used to help the mentor committee and the district identify common themes that arise that could be addressed through professional development or other resources. These logs are not used for evaluation purposes and are kept confidential.

Mentoring Program Evaluation

In late April or early May all mentors and New Staff will be required to complete an online survey to help the district evaluate the quality of the mentoring program and identify strengths and areas for improvement. All surveys must be completed and submitted prior to the final mentor/New Teacher meeting in May so that results can be compiled and discussed at that time.

In addition, all year one New Staff will complete an individual needs assessment to help personalize the mentoring experience in year two.
