MANAGER'S MESSAGE

The Expanding Horizons Program has been a part of Foxborough families for over forty years. Each year children participate in a variety of physical education, artistic, and creative classes, as well as fun academic courses. Our Kid's Camp provides hands-on learning experiences and fun for preschoolers, kindergartners, and children entering first grade.

Our goal is to promote continued education and life skills development through a variety of recreational activities and fun classroom learning experiences.

We see these goals being met year after year through feedback from parents, the return of great staff, and the growing numbers at registration. We look forward to another great summer!

Again this year our enrichment program for grades 2 and up will offer **2 two-week programs, July 5-July 14 and July 17-July 28**. Each program will consist of two sessions, 9:00-10:20 a.m. and 10:40-12:00 noon. Children may sign up for as many as four activities during the month.

Transportation to the Booth Field will be available daily at 12:00 noon. Please be sure to indicate on the registration form if you need this service. Contact the **Recreation Department at 508-543-7255** to make arrangements for your child to attend the Booth Playground.

Please note that our Kid's Camp will be held at the **Igo Elementary School, July 5-July 28 from 8:30-11:30 p.m.**

Please contact me with any questions or should you require further information or clarification at **508-698-3858**.

Change of classes will not be permitted after the final letter is sent home in mid-June so please make sure your child is happy with his or her class choices and alternative choices on their registration form. Instructors have course budgets and class activities to put together. Last minute roster changes make it difficult to plan. Please include all special requests on your child's registration form.
